

Complete your meeting room experience with **Microsoft Teams**

Transform your meeting spaces ranging from small huddle areas to large conference rooms with a rich, collaborative Teams experience that's simple to use, deploy, and manage.

With Microsoft Teams, you get rich in-room and online content collaboration in meetings that include audio, video, and content sharing. This can be enjoyed through your desktop, web client or meeting room using Microsoft Teams Rooms.

With 18 years of experience in delivering collaboration rooms to our clients, Omega is here to meet your collaboration requirements.

Solutions include:

- Mobile Spaces
- Huddle Spaces
- Small to Large Rooms
- Training Centres
- Auditoriums

Enhance your Microsoft Teams investment.

Enable existing and third-party video conferencing solutions to join your Microsoft Teams meetings.

Cloud Video Interop (CVI) is a Microsoft Qualified third-party solution that enables third-party meeting rooms (telepresence) and personal video devices to join Microsoft Teams meetings.
